Nuovo Layout del Partner Finder per Solution e Approved Partner

Il Layout del Tool Partner Finder è stato rinnovato, implementando nuove funzionalità di ricerca partner e una mappa Google per l'indicazione della sede dei partner.

Il Partner Finder è una piattaforma di presentazione e di dialogo tra clienti finali e i nostri Partner.

Sono previsti funzioni di ricerca basati sul paese, sul campo tecnologico, oppure cercando direttamente il nome del partner.

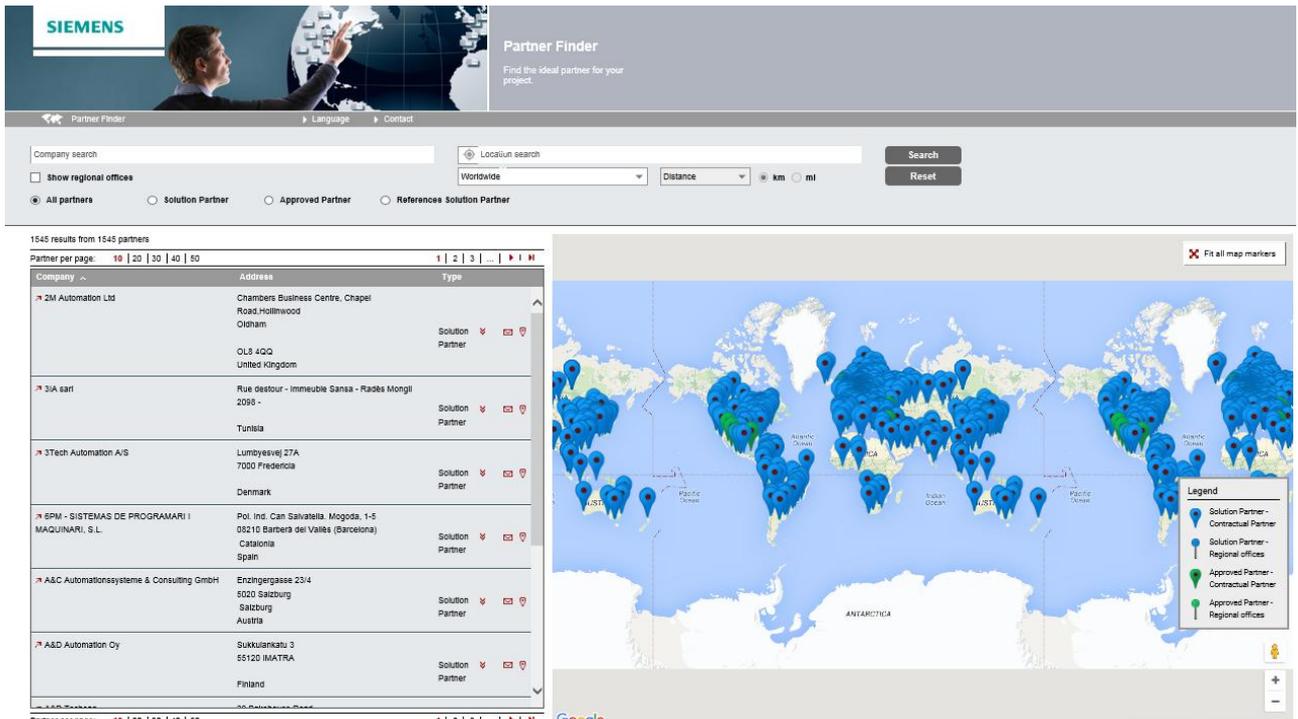

I nostri Partner forniscono attraverso il sito dati di contatto aziendali, referenze su progetti eseguiti e i campi industriali in cui operano.

Le certificazioni indicano le loro competenze tecniche.

Informazioni relativi al cliente:

The screenshot displays the Siemens Partner Finder interface for Actemium BEA GmbH. The main profile page includes a navigation menu with tabs for Profile, Contact, Certificates, Industries, References, and Regional offices. The 'Certificates' tab is active, showing a list of services and main industries. A 'Partner Anfrage' button is visible in the top right. A 'Partner Enquiry' form is open on the right side, with a callout box indicating that enquiries generate automatic emails for @Solution Partner, @Solution Partner Manager in region, and @Sender. A 'back...' link is located at the bottom right.
